NEWS FROM THE CHAPTER D DIRECTORS...

For those of us who will be glad to see the rain go away for awhile and the temperature drop some maybe we will get our wish soon. We have had some good rides this summer but we like it when the temp drops to around 70 and the leaves turn and you can ride with that favorite jacket or shirt on and be comfortable.

We have made a couple of runs up to Gatlinburg in the last few weeks and are looking forward to a Chapter ride that way soon. We will plan a trip that will leave on Friday afternoon, ride up to around Chattanooga, and continue on to Gatlinburg area on Saturday morning. We can stay in Pigeon Forge (rates cheaper) go to a dinner show that night and ride slowly home on Sunday.

Look for details soon.

The officers of the Chapter have been looking and getting prices for shirts. We have found long sleeve shirts with our logo monogrammed on them for \$22.00 each. If you want your name and bike on them it will be an additional \$12.00. Let me any of the officers know your desires or make sure to get your name on the list at our next meeting.

Now on a more serious note. For those who may have not have read or watched on TV about the big motorcycle wreck in California where 30 bikes went down. We need to be careful how we ride and decisions we make on the road. The bikes were all riding in one group, too close together, too fast and not paying attention. This is the very reason we ride in small (7 or 8) groups distanced apart. If they had ridden in smaller groups some of the bikes could have avoided this accident.

MAKE GOOD DECISIONS AND RIDE SAFE!!

Hope to see everyone at the meeting.

Rick and Elaine
